

Decision-making Calculator

**How do I
decide to
adopt
a new
technology
in my barn?**

**Our new
web-based tool
calculates
profitability of a
new technology
based on
your inputs**

What can the decision-making calculator do for me?

Are you thinking of introducing a new technology in your barn? This web-based tool is designed to help you make a profitable decision about new technology. Simple steps personalize the calculation for your barn:

- Fill out the inputs, such as cost of new technology, maintenance, and health and safety
- Click the 'calculate' button to have your printable report

Decision making calculator features:

- User friendly web-based interface
- Works well on any web-enabled device
- Step-by-step guide helps with filling the inputs
- Printable personalized results
- Calculations are modifiable and repeatable
- Simplified interpretation of results

Acknowledgements:

This project would not have been possible without the support of Saskatchewan and Manitoba swine industry; we are grateful to all the workers and employers who participated. This study was funded by the WCB Manitoba Research and Workplace Innovation Program, and in part by the Canada Research Chairs.
