CIRCLES OF CARE: THE IMPACT OF INTIMATE PARTNER VIOLENCE ON CHILDREN, FAMILIES AND COMMUNITIES

COREY O'SOUP

Mr. O'Soup is Saskatchewan's Advocate for Children and Youth. He will speak about how intimate partner violence and the lack of mental health services in the province affect children and youth. He will also speak about how his work as Advocate is helping children and youth across the province.

KIM ZORN, PH.D.

Dr. Zorn's research has made her an expert on stalking and its effect on the women it victimizes. She has advised police and justice services in the prairie provinces by conducting presentations on stalking and its impact on victims. Dr. Zorn has a Ph.D. in Clinical Psychology and practices in Calgary.

Funded by the PrairieAction Foundation, RESOLVE is a tri-provincial research network seeking solutions to violence and abuse.
